

# If It's Hurting You

Robbie Williams

**Emi**

Please don't think of me

**D**

If you do you gotta block it

**Emi**

I got chills tonight

**Emi**

And you can't be here to stop it

**Ami**

I'm not a parasite

**G D**

It's just a lonely night

**Emi D**

Tonight

I walked from the bar

'Cause they were only laughing

I wished on our star

But they covered it in satin

I'm not a gigolo

That's what I want you to know

Tonight

**C D Ami**

Ooh ooh I've hurt you I can see

**C D G**

Ooh ooh Do you think it's not hurting me

**C D Ami**

Ooh ooh The grass ain't always green

And if it's hurting you

**Emi D**

You know that's its hurting me

You know that's its hurting me

You'll meet other men

Who will break your heart

If I see you with them

It's gonna tear me apart

Maybe in another life

We wouldn't be alone

Tonight

Ooh ooh

You know that it's hurting me

You know that it's hurting me
