

# Raver

Robbie Williams

A is for absolutely everybody  
And at first light  
B is for brilliant and broke  
Nearly all of the time  
C is for coming on strong  
Cos everyone knows  
Till the death of it all  
We're not going home

You' set out to dance  
Real hard to find  
Only the brave, expanding the mind  
You were hands in the air  
Cos love was the drug  
You breaking the law  
Making it up

The DJ said "Raver, get off the speaker  
You're blocking the laser for the dance home

I ran with the runaways, runaways, runaway  
I ran with the runaways, runaways, runaway

These are the days that make sense of my life  
Like a galaxy rising into the night  
I get a little bit high and then loaded alone  
I am not going home

I go out dancing, raving with strangers,  
Unwound emotion on the dance floor

I ran with the runaways, runaways, runaway  
I ran with the runaways, runaways, runaway

One scream for the last romantic  
One heart for the last romantic  
One hope for the last romantic  
One scream one dream  
Yh

We're the s\*\*t that's on the radio  
We're the s\*\*t that's on the radio  
We're the s\*\*t that's on the radio  
We're the s\*\*t that's on the radio

I would go dancing, raving with strangers  
Unwound emotion on the dance floor

I ran with the runaways, runaways, runaway  
I ran with the runaways, runaways, runaway

One scream for the last romantic  
One heart for the last romantic  
One hope for the last romantic  
One scream one dream  
Yh

One scream for the last romantic  
One heart for the last romantic  
One hope for the last romantic  
One scream one dream  
Yh  
Yh  
Yh
