

# Sensational

Robbie Williams

You've been sensational  
You really did your bit  
It's been emotional  
You know I love that shit

You look incredible  
Even from afar  
I think you're sexy and you're funny and I love you 'cause you love me,  
And I wish that you could always stay  
Now go away

It's so unusual to feel this good  
I'd sing forever if I could  
Maybe I should  
I'm that good

You better believe it

You've been so beautiful  
It's just who you are  
I'd have you up here  
But I'm the star

I want to get physical  
But ain't that about a bitch  
And isn't it a pity that I gotta leave this city  
But you knew it had to end this way  
Now go away

It's so unusual to feel this good  
I'd sing forever if I could  
Maybe I should  
I'm that good

You better believe it

You've been affectionate  
You dirty bunch of sluts  
So disproportionate  
Loving you so much

I'm hung like a dolphin  
Maybe I've said too much  
Yeah, I'm semi-serious with you right now

God bless you all, I love you so much, I love you so much, auf wieder sehen  
God bless you all, I love you so much, I love you so much, auf wieder sehen  
God bless you all, I love you so much, I love you so much, auf wieder sehen

God bless you all, I love you so much, I love you so much, auf wieder
