R: Sin sin sin...

```
1. Don't let your eyes tell the brain
  You should feel ashamed
  Everyone needs it baby
  And I feel the same
  Didn't quite catch your name
  Hush, hush, hush don't say a thing
  Lets see what the night will bring
  It might be everything
  Oh it hurts when you're too blind to see
  Please don't read my mind I tell the truth to me
R: Sin sin sin
  Look where we've been
    Dmi G
  And where we are tonight
  Hate the sin not the sinner
      F
  I'm just after a glimmer of love
  and life deep inside
  С
2. Hush hush hush
  To speak is a sin
            С
  And neither of us need rescuing
  Just relax
  It's what Jesus would do
  We're made in his image baby
  Let's ride this thing through
                            С
  Oh it hurts when you're too blind to see
  Dmi G Dmi G
  What about us? Well it was just for me
