

# Something Beautiful

Robbie Williams

1. You can't manufacture a miracle  
**C#mi** **E**  
The silence was pitiful - that day  
**A** **F#mi**  
And love is getting too cynical  
**C#mi** **E**  
Passion's just physical - these days

**D** **Es**  
You analyse everyone you meet  
**A** **A7**  
But get no sign - the loving kind  
**D** **Es**  
Every night you admit defeat  
**A** **E**  
And cry yourself blind

**A** **C#7**  
R: If you can't wake up in the morning  
**D** **A**  
'Cause your bed lies vacant at night  
**A** **E** **G** **A**  
If you're lost, hurt, tired or lonely  
**H** **E**  
Can't control it - try as you might  
**A** **C#7**  
May you find that love that won't leave you  
**Hmi** **A** **G**  
May you find it by the end of the day  
**A** **E** **G** **D**  
You won't be lost, hurt, tired and lonely  
**F** **G** **A**  
Something beautiful will come your way

2. The DJ said on the radio  
Life should be stereo - each day  
And the past that cast the unsuitable  
Instead of some kind of beautiful you just couldn't wait

All your friends think you're satisfied  
But they can't see your soul, no, no, no  
Forgot the time feeling petrified  
When they lived alone

R: If you can't wake up...

**A** **D** **G E A**  
(It'll come your way) Some kind of beautiful  
**D** **G E C**  
(It'll come your way) Some kind of beautiful  
**F** **B G C**  
(It'll come your way) Some kind of beautiful  
**As**  
(It'll come your way)
