Toxic

Robbie Williams

Sticks and stones may break my bones But names can burn a happy home It's true I've got words for you

The past is done It's gone forever is done Don't tell me my pain is pleasure You, you haven't got a clue

Oh, I wanna cry but I don't make a sound I'm your child and your child is feeling down Everybodys toxic in this town

All gods children fade and die In the name of lets get high And then, we do it again I pray the lord, my soul to keep That when you coming down I'll be asleep I can't pretend, it's killing me again

Oh, I wanna cry but I don't make a sound I'm your child and your child is feeling down Everybodys toxic in this town

Call me in my lord I'm coming down (Coming down) Call me in my lord I'm coming down

Oh, I wanna cry but I don't make a sound I'm your child and your child is feeling down Everybodys toxic in this town

Oh, I wanna cry but I don't make a sound I'm your child and your child is feeling down Everybodys toxic in this town

Sticks and stones may break my bones But names can burn a happy home It's true I've got words for you
