

# I'm with You, Pt. 1

Robert Cray

In case you wanna know how I feel about you darlin'  
I just wanna let you know  
That I'm with you  
I'm with you

Just as long as there's water in the ocean  
Just as long as the sun sets  
Just as long as fire burns, babe  
Just as long as water is wet, baby  
I'm with you darlin'  
Oh yes I am

But just as long  
As you want me  
Just as long  
As you need me  
Ba-a-by  
I want you to know,  
I'm with you

I'm with you  
I'm with you early in the mornin', baby  
And with you late in the evenin', baby  
Oh yes I am!  
I'm with you  
I'm with you, darlin', yeah

Now just as long  
As you need me  
And just as long  
As you want me  
I want you to know,  
I'm with you

Ooh, I'm with you baby  
When the sun comes up in the mornin', baby  
When the moon comes out at night,  
I'm with you  
I'm with you, baby  
Early in the mornin'  
I'm with you, baby  
All night long darlin'  
Oh, any time you call me  
He-e-ey, baby  
I want you to know,  
I'm with you

I'm with you  
I'm with you  
I'm with you  
Ohh, with you baby  
I'm with you  
Like the stars up in the sky, I shine baby  
I'm with you, baby
