

# Sitting on Top of the World

Robert Cray

One summer day, she went away  
She's gone and left me, she's gone to stay  
My baby's gone and I don't worry  
'Cause I'm sitting on top of the world

You know that I worked all the summer, down on the farm  
And oh, I had to take Christmas in my overalls  
My baby's gone and I don't worry  
Sitting on top of the world

Going down to the freight yard, I'm gonna catch me a train  
I believe I hear it coming now  
I know that I'm gonna to leave this town, now baby  
Worked and got hard

My baby's gone, yes  
'Cause I'm sitting on top of the world  
Close the door behind you
