

Ah Yeah

Robert Glasper

Uh ah uh ah

I think beauty is over ready
'Cause it's something anyone can be
Attraction, now that's something different aha
And thankfully you're both to me

'Cause I've learned in this life
You gotta be with someone you like
If you think we've got what it takes to go the distance
I can tell you're now oh you aha
Ah yeah ah yeah ah yeah ah yeah ah yeah ah

You're sweet and you see through me
You let me be free, I'm woman
Ahh the only one, I'll be
The only one you'll ever need and you're the very same for me

'Cause I've learned in this life
You gotta be with someone you like
If you think we've got what it takes to go the distance
I can tell you're now ah yeah aha
Ah yeah ah yeah ah yeah ah yeah ah yeah ah

Things can get feel love you gotta know
What's love behind you will feel in love
Cause if you don't then maybe you might find love
Uhh ah uh ah ah
Uh ah uh ah ah uh ah uh ah
