

Everybody Love

Robert Gasper

From conception, we form connections
Two rare collections of matter space and time
Body, soul and mind

Forever and now
It's all around you
Can you feel it?
Don't hesitate

Everybody love (Love)
Everybody love (Love)
Everybody love (Love)
Love everybody, love everybody (Love)

Love (It's when)
It's the moment when you realize that the thing that got you here
It's the only thing that'll get you beyond the fear
So sooner or later you gotta make a decision
Which one is gonna be the one that surrender forever, now?

'Cause it's all around you (It's all around you)
You can feel it (Can't you feel it?)
Don't hesitate, no

(Everybody love)
Everybody love (Love)
Everybody love
Everybody love
Love everybody, love, love, love, love everybody, love

We living in a time when so many try to dismantle it
Leaving you a piece, like a sample kit
The whole page could use the coloring
Not just the heart, that's just a part of a puzzle we playing while we sing
And mute out the hate, well hate came to linger
Barahir, with a radio and five finger ring (Of love)
And above all love's more powerful than reason
If your head's not in compliance
Your heart is religion and your head is a science
But still there's room for pleasing both sides
And in all life, there's hurt where love resides
But the proximity will heal the bruise
No one can lose when-

Everybody love (Love)
Everybody love (Love)
Everybody love (Love)
Love everybody, love (Love, love, love, love, love)

Everybody love (Love)
Everybody love (Love)
Everybody love (Love)
Love everybody, love, love, love, love everybody, love
