

# Treal

Robert Glasper

Power, we know what you want  
You don't want to be free, you want power  
Or you mistake freedom for power (for power, for power...)

The arsonist avert the form, a requiem for Mars  
The monster at the dinner told the mirror, "Here is God"  
The labor camp owners host a party for the staff  
That appreciation just as they rehearsed like karate  
Pay tribute to your heroes, then we begin the auction  
Pay tribute to your heroes so you don't have to be one  
Exerting great effort to be noticed by the heathens  
'Til everything is seasoned, hemlock breakfast  
Crayola crayon, crayfish, pray  
The memory of Heaven and the measure of the day  
On Revelation Road between azepine and Worldstar  
Paranormal parking on a spaceship axis  
High impact-ice or a low end theorem  
Twins: a love supreme, a mundane surreal

Treal, treal, treal  
Life is what death can't kill  
Treal, treal  
Life is what death can't kill  
Treal, treal  
T-R-E-A-L, treal

We know what you want  
You don't want to be free, you want power  
Or you mistake freedom for power (for power, for power...)

Treal, this is what death can't kill  
This is what death can't kill: life  
Treal, treal  
T-R-E-A-L, treal  
Hah, treal  
We know, we know, we know, we know what you want  
Skill, treal  
We know what you want

Lasting treasure in a world that was born to die  
What won't be claimed by time?  
Styles have fallen down are still giving the lights  
Brightened shadows on every side of this dream  
Flow like a river, a mirror to the heavens' face  
I don't need to eavesdrop to hear what Heaven say  
Feel like it's talking to me all the time anyway  
Got a urgent message from it just the other day  
It know me by my every attribute and every name  
Sing, you're the reason why

We know what you want...  
We know what you want  
You don't want to be free, you want power  
Or you mistake freedom for power (for power, for power...)  
Shine, shine, shine, shine, kill

The arsonist avert the form, a requiem for Mars

The monster at the dinner told the mirror, "Here is God"  
The labor camp owners holds the social for the staff  
That appreciation just as they rehearsed like karate  
Pay tribute to your heroes so you don't have to be one  
Exerting great effort to be noticed by the heathens  
'Til everything is seasoned  
Crayola crayon, crayfish, pray  
The memory of Heaven, the measure of the day  
High impact-ice of a low end theorem  
Twins, a love supreme, mundane surreal

Treal, treal, treal  
Life is what death can't kill  
T-R-E-A-L, treal, treal  
People in the world  
T-R-E-A-L, well

People in the world, world, world, world, world, world...  
People in the world, world, world, world, world, world...  
People in the world want the depression to really stop  
What they will start doing, start having prayer groups  
People in the world want the depression to really stop  
What they will start doing, start hav-, start hav-, start having prayer groups  
ps  
Start having prayer groups, start having prayer groups  
Prayer groups, prayer groups, prayer groups

Amen, amen, amen, amen  
Amen, amen, amen, amen  
Amen, amen, amen, amen  
Amen, amen, amen, amen  
The throne is not enough  
The crown is not enough  
The jewels are not enough  
The power is not enough  
We know what you want...  
Throne is not enough  
Crown is not enough  
We know what you want...  
Throne is not enough  
Jewels is not enough  
Crown is not enough  
We know what you want...  
All that you want  
Is it all that you need whenever you want?  
We know what you want  
You don't want to be free, you want power...  
All that you want?  
Or you mistake freedom for power (for power, for power...)  
Is that what you need, all that you want?  
Is it all you desire? Look at the state that this put you in  
Is it everything that you desire?  
Look at the place that this put you in?  
All that you want  
Is it all that you need?  
Throne is not enough  
Crown is not enough  
Jewels are not enough  
Jams is not enough  
Crowds is not enough  
Not enough  
Not enough

Not enough!
