

# Under Suspicion

Robert Palmer

Well, I've been mistreated  
Been lied to and cheated  
Misused and abused  
Like something that you throw away

First you fill me with thunder  
Then you let me go under  
You can run, you can hide  
But you ain't gonna get away

'Coz you're under suspicion  
Of leaving the scene of a broken heart  
Under suspicion  
Of a hit and run love affair

You ain't got a conscience  
And you made me the victim  
Of a cruel and unusual crime  
Now you're under suspicion

Under suspicion, under suspicion  
Under suspicion of a hit and run love affair  
Hey, yeah, yeah, whoo

No matter where you be going  
I got ways of knowing  
And somewhere down the line  
You're gonna have to pay

Hey, 'coz you're under suspicion  
Of leaving the scene of a broken heart, yeah  
Under suspicion of a hit and run love affair

You ain't got a conscience  
And you made me the victim  
Of a cruel and unusual crime  
Now you're under suspicion

Under suspicion, under suspicion  
Yeah, under suspicion of a hit and run love affair  
Yeah, yeah, yeah  
Under suspicion, under suspicion  
Ain't got no where to run

'Coz you're under suspicion  
Under suspicion, under suspicion  
Under suspicion  
Of leavin' the scene of a broken heart  
Under suspicion  
Yeah, under suspicion of a hit and run love affair
