

# Don't Rush

Robin Gibb

Yeah, yeah, oh yeah, ooh.

Sweet soft music playing, baby,  
As we slowly unwind.  
Got some candles burning, girl,  
As we sip a little wine.

Got nothing else on my mind,  
Baby, but you and me tonight.  
I'm going to give you what you want,  
Girl, you're going to give me what I need.

Don't rush, fast,  
Always take your time  
Let's get enough, first,  
Don't you leave before it's time.

Baby, don't rush, fast,  
Always take your time  
Let's get enough, first,  
Don't you leave before it's time.

Now let's get in the moment.  
Baby, don't worry about tomorrow,  
'Cos I'm gonna be here when you wake up.  
Baby, right now I'm feeling you.

Everything I wanted in a woman,  
Baby, I've found it in you.  
Let's not go to work today,  
Baby, let's stay home and play.

Baby, don't rush, fast,  
Always take your time  
Let's get enough, first,  
Don't you leave before it's time.

Baby, don't rush, fast,  
Always take your time  
Let's get enough, first,  
Don't you leave before it's time.

I know, baby, I know that you want me.  
Girl, I imagine to bring your loving onto me.  
I know, baby, I know that you want me, yeah.  
Girl, I imagine to bring your loving onto me.

Baby, don't rush, fast,  
Always take your time  
Let's get enough, first,  
Don't you leave before it's time.

Baby, don't rush, fast,  
Always take your time  
Let's get enough, first,  
Don't you leave before it's time.

Baby, don't rush, fast,  
Always take your time  
Let's get enough, first,  
Don't you leave before it's time.

Baby, don't rush...
