

All This Love

Robin Schulz

2 AM in this cheap hotel
Thought a little bit of space would help us see it (Us see it)
Now I see it (I see it)
On the bed and I close my eyes
Think about those perfect nights in Phoenix (In Phoenix)
Still feel it (Still feel it)

But there's no relief, it's weighing on me
It's taking its toll, there's no letting go
Damned if we do, damned if we don't
Sometimes I wonder if we knew it all along

So what are we gonna do with all this love?
And in 12 years time, will we smile when we think about us? Hey
Our timing is a mess, but that don't mean that it means less
And if we have to say goodbye 'cause it's for the best
What are we gonna do with all this love? Yeah

With all this love
With all this love
With all this love

Are we gonna box it away?
Save it for when it rains in L.A
We need it (We need it), yeah, we need it (We need it)
Ohh, maybe we'll wake up one of these days
Say the biggest mistake we ever made was leaving (Was leaving)
And I'm thinking

So what are we gonna do with all this love?
And in 12 years time, will we smile when we think about us? Oh
Our timing is a mess, but that don't mean that it means less
And if we have to say goodbye 'cause it's for the best
So what are we gonna do with all this love? Yeah

With all this love
With all this love
Oh, with all this love
With all this love

So what are we gonna do with all this love?
With all this love
So what are we gonna do with all this love?
With all this love
Oh-ooh, with all this love
