

# Breathless

**Robin Trower**

I don't want the one that you run to  
I don't want to be your friend  
Time will come when I'm gonna want you to love me

I don't want to be the flame in your fire  
I don't want to be your star

Time will come when I' gonna want you to love me

I don't want the one that you run to  
I don't want to be your friend  
Time will come when I'm gonna want you to love me
