

I Can't Live Without You

Robin Trower

The note is on the table
I'm still wondering where you are
I knew that you were able
Did you have to go that far?

We had good times
In the beginning it was fine
Now you're tryin' to make me over
Was it just a waste of time?

I can't live without you
I still love you so
I can't live without you
I still love you so

Curtains close the daybreak
The place is in a mess
When it comes to taking care of me
You're still the best

But you're gone
And there's nothing I can do
But sit at home and blame myself
Blamin' myself for you

I can't live without you
I still love you so
I can't live without you
I still love you so
I can't live without you
I still love you so
I can't live without you
I still love you so
I can't live without you
I still love you so
I can't live without you
I still love you so

Oh, I love you
