

## Inside Out

Robin Trower

Inside out, your love has turned me upside down  
Inside out, your love has turned me upside down  
Please don't mess me Baby  
You got me spinnin' round and round

First you say on Monday  
That your love is true  
I only hope that someday  
I'll believe in you  
Inside out, your love has turned me upside down  
Please don't mess me Baby  
You got me spinnin' round and round

First you say you need me  
Then you take it back  
Baby please believe me  
My mind's about to crack  
Inside out, your love has turned me upside down  
Please don't mess me Baby  
You got me spinnin' round and round

Inside out, your love has turned me upside down  
I'm tellin ya  
Inside out, your love has turned me upside down  
Please have mercy Baby  
You got me spinnin' round and round
