

# Instant Pleasure

Rockell

I don't want somebody to love me  
Just give me sex whenever I want it  
'Cause all I ask for is instant pleasure  
Instant pleasure, instant pleasure

Here in the traffic for all eternity  
Now how could that speed be where you want to be  
So don't you really want instant pleasure  
Instant pleasure, instant pleasure

Think that all these folks that date  
Do it 'cause the pain is great  
Were you thinking anyway

Drinking coffee is your idea of really cool  
Don't you expect no crazy chicks to notice you  
Sitting there dreaming instant pleasure  
Instant pleasure, instant pleasure  
Instant pleasure, instant pleasure

Instant pleasure!

If you want someone a friend to be  
Guess you'll have to win the lottery  
But till then repeat after me

I don't want somebody to love me  
Just give me sex whenever I want it  
'Cause all I ask for is instant pleasure

Instant pleasure, instant pleasure  
Instant pleasure, instant pleasure  
Instant pleasure, instant pleasure  
Instant pleasure, instant pleasure

Instant pleasure!

Come on and give it to me  
Just give me some instant pleasure  
Just come and give it to me

Instant pleasure, that's what I asking for  
Instant pleasure in the morning  
Instant pleasure in the evening  
Instant pleasure in the afternoon  
Come on and give it to me just give me pleasure

Instant pleasure, come on and give it to me  
Come on and give it to me

Just give me some instant  
Just come and give it to me instant pleasure  
Just come and give it to me instant pleasure  
Instant pleasure, instant pleasure  
That's what I'm asking for
