

God Is Great

Rockie Fresh

[Verse 1: Rockie Fresh]

I be that young nigga from Chicago
'Bout to heat the city up and make it feel like Cabo
Watch these niggas tryna take my shine?
I told these foolys, hard work and it will come in time
For now just watch me tell my vision on your television
On MTV and 106 in some of the freshest fits
But I ain't focused on these clothes, I got some goals to hit
Finished the album then I'm working on a movie script
Kenny I got you, and these niggas say they not ..
My gold yard got one cart that will take your bitch
No stacks needed, undefeated we're ain't losing shit
Bitch, I got options so I'm copping if I'm choosing it

[Hook: Rockie Fresh]

Yeah, oh man, look at me
I'm becoming everything I wish I be
I got bitches, I got cake
Wake up everyday and I say God is great
God is great, God is great
See the watch, see the chain, know that God is great
God is great, God is great
Even when these niggas hate, God is great

[Verse 2: Rockie Fresh]

And as a youngin' I just knew that I was gon' provide
In a G-wagon swaging when I wanna ride
In neighborhoods where I ain't worry 'bout no homicide
Me and my niggas won't fall victim to no ...
Know when to stay humble, niggas thought I was sign and dive
I just started working on tours four and five
Now watch me travel, never taddle, snitches slowly die
You heard it before, but, real niggas only multiply
Strengthen my numbers, friend or foe, the floor ain't got to fl
aw
Eddie Murphy, I am raw
Vince McMahon, I am raw
I cop a steal its fuck the law
Don't be phony, homie
Don't be filthy, nigga
Be great, don't hate, get wealthy, nigga

[Hook]
