

June 13th

Rockie Fresh

Still pimpin in this bitch (2x)

[Verse 1:]

It's hard knowing my intelligence  
Even though I'm becoming stupid rich  
Always getting brain I'm never fucking with a stupid bitch  
I'm only trynna rose just like a drummer doing rutimuse  
It's clear she took advantage of the time and money you have spent  
Obvious you losing it you had your spot  
Now she saying I'm her man and she mad your not  
Heard you going for my ex I understand your plot  
You'll find shes hard to hit like a half court shot  
Nigga your future couldn't even conquer my past  
And my worstest over your best is treasured within my trash  
Me and success gotta chemistry they ain't teach us in class  
Got the formula without using a beaker or flask  
It's all part of the math  
A nigga living dodges the quantity of the quality bitches I'm starting to have  
I never give em titles just like lebron or mcNabb  
No matter how much they worth  
Or the talents that show they have

[Chorus:]

Why (2x)  
Still pimping in this bitch (2x)  
Why (2x)  
Still rolling in this bitch (2x)  
Why (2x)  
Still pimping in this bitch (2x)  
Why (2x)  
Still rolling in this bitch (2x)

[Verse 2:]

Ok I'm coming for it all  
So your prolly get left for nothing  
I'm out here making hits  
And these niggas ain't even bunting  
Tell em that rockie stuntin  
Thousand boxes of them sneakers  
And he cope em by the dozen they ain't getting any cheaper  
Niggas is getting booked and I'm challenging all my readers  
And you can't get on my page with out man dallas or my beeper  
Knew shawty was a keeper believe but understand I got what it takes to make  
her leave  
She hit me with a text that read  
"One more time one more time"  
That's the only thing she be saying when she hit my line  
I'm on my grind so easily she is out my mind  
Her father buss and laugh and somethings to fall in line  
Now she saying "One more time"  
But that can never happen  
Focused on forward motion I ain't with that back tracking  
When I was reenacting I see I like my self better now  
I gotta live it up even if it let's you down

[Chorus:]

Why (2x)  
Still pimping in this bitch (2x)  
Why (2x)  
Still rolling in this bitch (2x)  
Why (2x)  
Still pimping in this bitch (2x)  
Why (2x)  
Still rolling in this bitch (2x)
