Thought it was all for me hommie did you fall for that?
You turn ... no cardio ... get your hand out of my pocket
Tell the sheriff if he can get me fu**ing charge
No ... I got things
Regardless, big bang can't hold it off
And another n***er flow who called it
Called me up for the show really know what's up
...different ... say load it off
Give it to the hotel, gotta know what's up
With the n***ers out there get the hold it off
We never had a problem getting hold to f**k
So ... show is up

What's this wide if you can't close it off?
...layed on the ground

All the n***ers wanna make love for the ...
I've been there ...

This K.I.E.G. aka. Big bang aka

I get money, I can't help it, you can't stop it, gotta assert it
You can't knock it, you gotta respect it,
This is who I am n***er, I can't help it

I can't help it, in the get
drop voice, they say keep one for ... I ain't got no choice
I can't help it, I won't ... big ...
Cut it down... I can't help it

The city won't be sure without you
50 million dollar houses still can't get
I'm a hustle I dance the ball

Stay on the day for the nights at the mall
Give me your spot give me your phone

No b**ch wanna f**k...

Tell me n***er I got a tone

Said no I don't put no radio home

Push in my head, push in my shirt
Push

I got money, I can't help it,
you can't stop it, gotta assert it

You can't knock it, you gotta respect it,

This is who I am n***er, I can't help it
I can't help it, in the ghetto ...
drop voice, they say keep one for ... I ain't got no choice
I can't help it, I won't ... big ...
I'm so true and you ain't
Cut it down... I can't help it

Cause I would if I could.
I can't help it
50 million dollar houses still can't get
I can't help it.
