## Let Me Be Your Car

I may not seem your ideal when you look into my eyes I don't smoke, I don't tell jokes I'm not the custom made size But baby let me take you out on the highway for awhile I'll show you where the man in me is when he doesn't hide He's cruisin' in the fast lane stuck behind the wheel Jekyll and Hyde going on inside when I'm your automobile

And let me be your car for awhile child shift me into gear and I'll be there fill me up with five star gasoline I'll be your car I'll take you anywhere

Don't you know I can't dance I don't dig it, I can't see it at all You say I'm just a specimen and baby I can crawl My physique just don't look the way the physiques really should But then again I've got an engine underneath my hood When I'm cutting up the road with a sports car on my tail Frankenstein's inside my mind and the wind's inside my sails **Rod Stewart**
