

Eat Sleep Love You Repeat

Rodney Atkins

Now, girl, you know I'm a rebel, I fly by the seat,
I ain't into lookin' too far down the street
I ain't never had no schedule hangin' on my fridge
But if I did, baby, it would look like this:

I said eat, sleep, love you, repeat
A little drinkin' in the mix and I'll be like sweet
If it's alright with you, all I wanna do
Is eat, sleep, love you, repeat

I might gig a big, ole frog on a lazy summer night
Squeeze in some work when the piggy bank gets light
Catch a little football, pick a little six string
Long as it don't throw no wrench in my routine

I said eat, sleep, love you, repeat
A little drinkin' in the mix and I'll be like sweet
If it's alright with you, all I wanna do
Is eat, sleep, love you, repeat

A little quesada to the dilla
A nap in a hammock every now and then
A little worm in my tequila
A little you on my lips, let's do it again

I said eat, sleep, love you, repeat
A little drinkin' in the mix and I'll be like sweet
If it's alright with you, all I wanna do
Is eat, sleep, love you, repeat

I said eat, sleep, love you, repeat
That's what I'm talkin' about
I said eat, sleep, love you, repeat
I said eat, sleep, love you, repeat
