

## Here We Are

Rodney Crowell

Did you say that you've been searching for  
A place you've never been?  
Well here it is  
Here it is

And you've been down there on the bottom  
And looking out for a friend  
Here I am  
Here I am

We've both grown tired  
Of running after rainbows  
Here we are  
Darling, here we are

When it feels like you've been driftin'  
And you don't know where you've been  
Come on in  
You can come on in

And if all you've seen are back doors  
That lead you out of town  
Turn around  
You can turn around

We've both grown tired  
Of running after rainbows  
Here we are  
Darling, here we are

We've both grown tired  
Of running from each other  
Here we are  
Darling, here we are

Here we are  
Here we are
