

## Oceans Away

Roger Daltrey

Don't wake me up  
If I should be dreaming  
I don't want to miss one minute of this dream.

Don't worry now  
Cause your not dreaming  
I'll love you always where ever you'll be.

Oceans away  
Go where you may  
And love will be with you  
Oceans away  
And love will be with you  
Oceans away

The night is cold  
But day is certain  
No twilight zone can last very long  
Darkness my friend I'll hide in your curtain  
If your not here with me please let me dream on.

Oceans away  
Go where you may  
But love will be with you  
Oceans away  
Love will be with you  
Oceans away

Oceans away  
Go where you may  
But love will be with you  
Oceans away  
Love will be with you  
Oceans away
