

# You Put Something Better Inside Me

Roger Daltrey

I could look out the windows  
Or stare at the wall  
It really didn't matter  
No I just didn't care at all  
Could be sitting by the water  
Counting every stone  
Cause nothing means nothing  
When you're empty and on your own.

But you put something better  
Inside of me  
You put something better  
Inside of me  
Makes me so much stronger  
Oh I'm amazed at the change in me.

Well I knew what I was doing  
Oh I was running away  
Busy going nowhere  
Oh just wasting the time of day  
Walking down the road  
And kicking up the stones  
Cause nothing means nothing  
When your empty and on your own.

But you put something better  
Inside of me  
You put something better  
Inside of me  
Makes me so much stronger  
Oh I'm amazed at the change in me.

Oh you put something better  
Inside of me  
You put something better  
Inside of me  
Makes me so much stronger  
Oh I'm amazed at the change in me.
