

Desert Love

Roger Hodgson

Did I tell you
I need your love a little more each day
Did I tell you
I'm feeling old since you went away
Did I tell you
my love was cold like the desert night
Did I tell you
my heart was dry like the desert sky

Oh, will you love me again
won't you help out a friend
Will you love me again

Did I tell you
my lips were cold like the desert night
Did I tell you
my heart was dry like the desert sky
And if I need anyone to hold
will you say you might

Oh, will you love me again
won't you help out a friend
Will you love me again
