

Some People Make It

Roger Miller

The working man works while the boss man sits in the shade
The working man works while the boss man sits in the shade
Some people make it, some people got it made

I sing la la de-la what'll I do 'til I get paid
I sing la la de-la what'll I do 'til I get paid
Some people make it, some people got it made

Some people make it, some people got it made
Made in the shade
Some suck lemon, some sip lemonade

Yes I wanna walk tall when all of my dues are paid
Yes I wanna walk tall when all of my dues are paid
Some people make it, some people got it made

Some people make it, some people got it made
Made in the shade
Some suck lemon, some sip lemonade
