

The Numbers Song

Roger Miller

Rodger Miller: Now the first thing I need is some random number
lets say um...

Between 20 and 22.

Somebody in crowd: 21!!!

Rodger Miller: ok lets try 21 good number.

Well take 21 subtract 9

12 litle childeren standing in line

From the take 2 and that leaves you 10

Take away 8 and you got 2 again

(Refrain)

You got 2 again

You got 2 again

You used to love me once but now you got 2 again

(repeat 1x)

Rodger Miller: see now that wasn't so hard, let try it again on
ly this time lets

Try a number between, say, 12 and ummm oh how about 14.

Simbody in crod: 13!!!!

Rodger Miller: ok 13, mmmmmmmmmmm, 13 (Miller pretends to be ma
king up the

Words for a verse just humming and stuff, playing around with t
he adiance)

13 you multiply by 1

You still got 13 but wasn't that fun

You take the same 13 you multiply by 2

26 hours the trains over due

(Refrain)

8, 7, 6, 5, 4, 3,

2 happy people divided by 1

Leaves nuthing, nuthing,

None

(refrain)
