

# Bermuda

Roky Erickson

Are you going to Bermuda  
Would you go there if you could now now  
If you go there plan on staying  
Apparently you'll like it  
That's the way in Bermuda

Are you are you Bermuda bound  
Pulled and called like by a siren sound  
It's so high and it's underground  
But you never come back  
From all you ever found in Bermuda

It's just the innocent Devil's Triangle  
It dares you to come there, that's it's angle  
But the devil is innocent like mere  
When the word you want  
Is master master master in Bermuda

Bermuda Bermuda does it call and haunt you  
Make you wonder, make you want to go  
Make you curious, too much burn  
But you will never ever will return from Bermuda

It's just the innocent Devil's Triangle  
It dares you to come there, that's it's angle  
But the devil is innocent like mirror  
When the word you want  
Is master master master in Bermuda

Are you going to Bermuda  
Would you go there if you could now now  
If you go there plan on staying  
Apparently you'll like it  
That's the way in Bermuda

That's the way in Bermuda  
That's the way in Bermuda  
That's the way in Bermuda  
That's the way in Bermuda
