

# Laughing Things

Roky Erickson

Laughing things, laughing things  
Laughing things never hurt anything  
Laughing things, laughing things  
Laughing things never hurt anything

Laughing things, laughing things  
All things turn from laughing things  
Laughing things, laughing things  
All things turn from laughing things and run

And run laughing things, and run laugh things  
And run like cattle run laughing things  
And run laughing things, and run laughing things  
And run like cattle run laughing things

Laughing things, laughing things  
Laughing things duck people brings  
Laughing things, laughing things  
Laughing things duck people brings

Leaf things, leaf things  
Never blow to the left again  
Leaf things, leaf things  
Never blow to the left again

Things leaf, things leaf  
Things leaf blows perfectly  
Things leaf, things leaf  
Things leaf blows perfectly

Children, children  
Children are laughing things  
Children, children  
Children are laughing things  
The children that are laughing things  
All things turn from the children that are laughing things  
The children that are laughing things  
All things turn from the children that are laughing things  
And run
