

# Do This Ting

## Roll Deep

Instead of you getting angry and me getting angry, let's just do this ting  
Together we'll win, make money for the days that ain't too sunny, no ice, no  
bling  
Chances ain't slim, don't listen that's industry talk, you're in the industr  
y and I'm right here they will  
See feds from far, got eyes like a hawk, ain't balling  
Cool in a hustle I start early morning, eyes on the prize  
on the horizon still fighting for rights, I've been driving for nights  
Realise the lights have been shining bright like stars in the sky  
Like Roll Deep, Roll Deep  
They couldn't ever test Roll Deep crew in the midst of the night  
I've been mixing for 9, producing for 19, shotting for 12 and spitting for 9

We can do this ting, stay with me we'll get through this ting  
I'll show you how to do this ting, right through this ting  
We run the game so let's do this ting  
Let's do this ting, stay with me we'll get through this ting

You see the four best crews in the game I'm in them  
If you don't like me do something then  
Ten minute screwfaces I ain't in them  
I want paper, dibby dibby wages I ain't in them  
My crew put 5 £20 notes in the roulette machine and spin them  
Anybody get rude I clench my fist and chin them  
Forget a mash, forget a clash  
They're trash I'll bin them  
I don't want a lyrical swing, I'll physically swing them  
That's why I haven't clashed anybody since lum sun dem sun wun sen  
If I hear man say my name I'll ring them  
I hear any gun talk on the 3310, I'll find out where they are and link them  
Headlock, powerdrive and pin them  
Boy Better Know
