

For a Moment There

Ron Sexsmith

For A Moment There

For a moment there
I could've swore I knew where I was going
For a moment there
I was in my room
Following the music
Never knowing
If it was going anywhere

I could hear it in the sky above
In the streets below me
I could hear it in the songs of love
Just enough to show me
There was a light somewhere
Somewhere

For a moment there
The sun was in my eyes and I was blinded
For a moment there
But now I look again
And when it seems like all is lost I find it
Or it finds me anyway

I can see it in the sun above
In the grass below me
I see it in the ones I love
Just enough to show me
There is a light somewhere

For a moment there
I could see it in the ones I love
Just enough to show me
There is a light somewhere
