

# Cadillac Bound

Ronnie Dunn

Baby you look like a million bucks  
That beat up Chevy with the dash tore up  
And the window down  
We're Cadillac bound  
Yeah, we've got dreams we can almost touch  
Like a world where money don't mean too much  
And the checks don't bounce  
We're Cadillac bound  
Yeah better things ain't built over night  
It's a good thing I love a good fight

We ain't got too much  
What little we've got's enough  
One day it will all add up  
with a little bit of God and love  
Going to work till it turns around  
May not look like it now  
We're moving up, moving out  
Yeah you and me baby, we're Cadillac bound

Your daddy don't think we're going to make it  
I'm just another rule you're breaking  
We're going to prove your daddy wrong  
Make your momma proud  
We're Cadillac bound  
Better hold on and hold tight  
Can almost see the promise land tonight

We ain't got too much  
What little we've got's enough  
One day it will all add up  
with a little bit of God and love  
Going to work till it turns around  
May not look like it now  
We're moving up, moving out  
Yeah you and me baby, we're Cadillac bound

We ain't got too much  
What little we've got's enough  
One day it will all add up  
with a little bit of God and love  
Going to work till it turns around  
May not look like it now  
We're moving up, moving out  
Yeah you and me baby, we're Cadillac bound
