

Well, it's Friday night and I'm more than ready
Get to getting my redneck on
And there's a Bud Light sign where the beer's ice-cold
I can be anyone I want
I pick my baby up in my cleaned-up Chevy
The honky tonk's where we'll be headed
All night long, just playing our favorite songs

Well, I'm jonesin' for some Jones
Got a hankering for some Hank
And I'ma two-step 'cross the dance floor
With a little Lightning in my drink
And I'm out here for a good time
Yeah, I'm trying to find some love
Gonna keep this tractor rolling
Till they kick me out the country club
Good Lord, I'm jonesin'

For a little bit more of her loving
Up under them neon lights
Throw a quarter in the jukebox, order up some possum
Hit the floor and get to feel alright
Good Lord, I'm jonesin' (oh, yeah, I am)

I'm 'bout to tie one on, I'm 'bout to cut me loose
I'm 'bout to break it on down in my brand new boots
I'm 'bout to spin her around a little do-si-do
Tell 'em to play all the George they know

Well, I'm jonesin' for some Jones
Got a hankering for some Hank
Come on and two-step 'cross the dance floor
With a little Lightning in my drink
And I'm out here for a good time
Yeah, I'm trying to find some love
And I'ma keep this tractor rolling
Till they kick me out the country club
Good Lord, I'm jonesin'

Good Lord, I'm jonesin'

For a little bit more of her loving
Up under them neon lights
Throw a quarter in the jukebox, order up some possum
Hit the floor and get to feel alright
Good Lord

I'm jonesin' for some Jones
Got a hankering for some Hank
I'm gonna two-step 'cross the dance floor
With a little Lightning in my drink
Yeah, I'm out here for a good time
Just trying to find some love
I'm gonna keep this tractor rolling
Till they kick me out the country club
Good Lord, I'm jonesin'

For a little bit more of her loving
Up under them neon lights
Throw a quarter in the jukebox, order up some possum
Hit the floor and get to feel alright
Good Lord, I'm jonesin'
