

# Let's Get the Beer Joint Rockin'

Ronnie Dunn

Let's shoot some whiskey  
Let's drink some beer  
Play me some Whitley  
Let's strip some gears  
Let's take the big truck  
I got it jacked  
Break out the good stuff  
Pour me some black

Let's get the beer joint rocking!  
The whole house hopping  
Bottle tops popping  
Everybody bopping  
Let's get the beer joint rocking!!

This ain't the city  
This ain't the hood  
We ain't just crackers here  
And pecker woods  
Here in the down home  
Out in the sticks  
Way more going on  
Than chiggers and ticks

Let's get the beer joint rocking!  
The whole house hopping  
Bottle tops popping  
Everybody bopping  
Let's get the beer joint rocking!!

Hey Mr. DJ  
Play something loud  
One so the cowgirls  
Can shake it out  
Turn up the guitar  
Bang on that drum  
Light up this hick bar  
Let's have some fun!

Let's get the beer joint rocking!  
The whole house hopping  
Bottle tops popping  
Everybody bopping  
Let's get the beer joint rocking!!
