

Clap Your Hands

Ronnie Milsap

Everyone who came to hear the music
Everyone who came to hear the band
Everyone who's got the beat
Don't lose it
Clap your hands
Clap your hands

Everyone who lives out in the country
Everyone who lives close to the land
And everyone who's livin' in the city
Clap your hands
Clap your hands

Clap your hands
Snap your fingers
Tap your toes and have a good time
You can shout and whistle you can even dance
When your favorite line comes round
Just sing loud as you can
Clap your hands
Clap your hands

I could spend my lifetime makin' music
Cause music is one thing I understand
Once you find it you won't ever lose it
Clap your hands clap your hands

Clap your hands
Snap your fingers...

Clap your hands
Listen to the music
Clap your hands
Listen to the band
Once you find it
You won't ever lose it
Clap your hands c
Cap your hands

Clap your hands
Listen to the music...
Clap your hands
Listen to the music...
Clap your hands
Listen to the music...
