

Dedicate the Blues to Me

Ronnie Milsap

Love songs are for those who share love
What can sweeter be
But I ain't got nobody
Dedicate the blues to me

Love songs are for those
Who know how sweet happiness can be
All I've ever known was loneliness
Dedicate the blues to me
The blues to me

I've walked
I've always walked alone
To walk by my side
And I've lost count
Of lonely nights
I've hung my
I've hung my head and cried
One day I'll find someone to love
But I don't know how long it will be
But until I find that someone
Dedicate, dedicate the blues to me
Until I find that someone
Dedicate the blues to me
