

I'm Still Not Over You

Ronnie Milsap

I've tried to tell myself that's it's over
That everything we had between us is all through
But today when I saw you walking with him
Then I know I'm still not over you

I'm still not over you for I still feel the pain
I see you in everything I do
Though I haven't found a way to shake your memory
Lord I know I'm still not over you

All of my friends tried to warn me
That I was taking you for granted and it's true
And everyday when I awake to a lonely morning
Then I know I'm still not over you

Yes I know I'm still not over you
