

It Happens Every Time (I Think Of You)

Ronnie Milsap

Just let me say I'm over you
Next thing I know my heart breaks in two
It happens every time I think of you

Just let me smile and soon as I do
Here come the tears right out of the blue
It happens every time I think of you

And every night I go to sleep
Thinking that I'll forget then I dream of you
And wake up to find my pillow soaking wet

Just let me hear the sound of your name
That's all it takes and I go insane
It happens every time I think of you

Just let me say I'm over you
Next thing I know my heart breaks in two
It happens every time I think of you

And I think of you all the time
