Too Soon to Know

Ronnie Milsap

It's too soon to know
If I can forget her
My heart's been broken in too many pieces
And It's too soon to know

Time passes slow
Will I ever know
If I can forget her and not let it show?
But it's too soon to know

News travels fast when a love affair ends People keep asking what happened to them

But it's too soon to know

If I can forget her

My heart's been broken in too many pieces

And It's too soon to know

My heart's been broken in too many pieces And It's too soon to know
