

Lalala Love

Room Eleven

I can't write about love no more
I should be feeling sad
Now i know it wasn't you
Who drove me mad

It was the chemical
stuff in my head

La la la la la love
Phenylethylamine
Can't get enough

La la la la l'amour
Noradrenaline
Je comprends

La la la la la Liebe
Endorfine
Ich kann nicht genug bekommen

When they've just arrives
I know exactly when
Oh, I am feeling so alive
But I know when they're gone again
I have to find me another man

La la la la la love
Phenylethylamine
Can't get enough

La la la la la love
Phenylethylamine
Can't get enough

La la la la la love
I can not get enough
Ik kan er niet genoeg van krijgen
