

# In My Pocket

Rooney

I know you think about us  
I never thought about you  
You put your name with my name  
I can't remember your name  
My love is too good for you  
I wish you'd go and give back what You've taken  
And take back what you said  
Well, I owe you nothin' more  
I've spent millions

I know what you want  
It's right here in my pocket  
You can't touch it  
'Cause you're bad with fragile things  
I know this cause you broke my heart in two

Can't you find someone like me  
At all those parties you love?  
You come home wasted tonight  
I can't sleep when you're locked out  
Oh, yeah

I'm no one with the problem  
I'd wish you'd go and give back what You've taken  
And take back what you said  
Well, I owe you nothin' more  
I've spent millions

I know what you want  
It's right here in my pocket  
You can't touch it  
'Cause you're bad with fragile things  
I know this 'cause you broke my heart in two

I know what you want  
It's right here in my pocket  
You can't touch it  
'Cause you're bad with fragile things  
I know this 'cause you broke my heart (2x)

I wish I never dropped my wallet  
With my last paycheck  
You saw it  
What didn't you wear that evening?  
How could you look in that outfit?
