

Just Hit Town

Rory Gallagher

Well I just hit town and I flew in the by the seat of my pants
Well I just touched down and got me some crazy plans
I'm an ace I'm a deuce, I'm a buzzin' all over the land

And it ain't no use to change the way I am, the way I am, ah ye
ah

Well I just touched base been in motion for a hundred days
I'm wound up like a motor or a rocket in outer space

I'm an ace I'm a deuce won't you put my mind at ease
Well I can't slow it down got to take some more of these, more
of these

Won't you give me the green light give me a chance to move?
Turn on your love light, you know that I approve
Well I just touched ground and I got in by the seat of my pants
I ain't broken down but I found a new place to land

I'm an ace I'm a deuce I'm a crazy free-range man
And it ain't no use to change my open plan, my open plan
Well I'm feelin' kinda crazy, what to go on a mad-cap spree
Step on my air-brakes, I gotta let off some steam

I'm an ace I'm a deuce, I'm flying all over the land
And it ain't no use to change the way I am
And it ain't no use to change the way I am
