

# I Don't Have To Crawl

Rosanne Cash

You look at me  
As if you don't know me  
You talk to me  
Like you've never met me

Well, I could leave you alone if I tried  
If I tried I could tell you goodbye  
If I wanted to I could be long gone

I don't have to play nobody's fool  
And I won't make no exception of you  
I don't have to crawl  
I can just walk away

You call on me  
As if I should run to you  
You make a move as if I should follow you  
Well I don't have to get down on my knees  
I will not be a peasant to please you

I don't have to crawl  
I can just walk away  
I don't have to crawl  
I don't have to crawl
