

# Love, More Love

Rose Royce

People, precious time is waitin'  
We've got to do what's gotta be done  
Well there's a sickness spreadin' across the nation  
Called lack of communication  
Now let me tell you where we're comin' from

We got to set an example for our children  
In order for mankind to survive  
Oh teach them about life  
They're our tomorrow  
But make sure they know  
What makes the world go round

Talkin' 'bout love, more love  
That's what the world's in need of  
Love (sing it), more love (oh yeah)  
I'm tellin' you true  
It's up to me, it's up to you

"L", live and let live in the philosophy  
"O", open your eyes and analyze what you see  
"V", victory is nearer each day we make a friend  
"E", everybody, let's make this world a better place if we can

People are wonderin' are supplies runnin' low  
And they say prolly soon there won't be no more  
But there is something I would like for you to know  
In this great big world  
What they have a real shortage of

And that's love, more love  
That's what the world's in need of  
Singin' about love, more love  
I'm tellin' you true  
It's up to me, it's up to you

(Love, more love)  
Love, singin' bout love  
(That's what the world's in need of)  
Keep it up, everybody needs love  
(Love, more love)  
Tell 'em 'bout love  
(That's what the world's in need of)  
Everybody needs it  
(Love, more love)  
Everyone today  
(That's what the world's in need of)  
(Love, more love) Got to stop hating your brother  
Come on, everybody, won't you love one another (That's what the world's in need of)  
Today  
(Love, more love)  
(That's what the world's in need of)  
(Love, more love)
