

New Love

Rose Royce

New love
Everybody needs, everybody needs
A new love

Now you see it
Now you don't
You said your word
But you know you won't
Now get the picture
It's so clear
I'll pick me in this deal
Sooner or later
There'll come a time
You wished that you were mine
Forever
Something's just got to be
I've got a love aligned in my head
It says, don't waste no time
Know just where to draw the line

New love
Is what I've got
Everybody needs
A change of schemes
New love
Something you just can't do without, baby

I said the moment
You start to tell to advise
That's when our love
Would mean more alibis
I just can't go on foolin' myself
Communications has set the way
How can I stay...
Something's just got to be
I got a love aligned in my head
It says, don't waste no time
Know just where to draw the line

New love
Is what I've got
Everybody needs
A change of schemes
New love
Sometimes you just can't do without, baby

I said the moment
You start to tell advise
That's when our love
Would mean more alibis
I just can't go on foolin' myself
Communications has set the way
How can I stay...
I've got a love aligned in my head
It says, don't waste no time
Know just where to draw the line

I'm lookin' for some new love...
Everybody needs
A change of schemes...
New love
That's when I'm upper...

Something you just can't do without, baby
I got a love aligned in my head
I'm lookin' for, I'm lookin' for
New love...
Hey there boy, won't you please be mine...
