

R. R. Express

Rose Royce

Ooh, put your dancin' shoes on
Hey, and get ready for excitement and fun

Well, everybody get on, get on board
(It's time to ride the boogie express)
I said, everybody get on, get on board
(It's time to ride the boogie express)

Everybody, what, whatcha got?
Ooh!

Dancin' friends across the land
We've gotta something special here for you, all right
It's a train filled with song and dance and flashing lights
Be ready, 'cause we're comin' through to you

And you better believe we're gonna have a
Finger boppin', foot stompin'
Bootie bumpin', hip shakin'
Boogie woogie mine, throw a non-stop dance

Good times, yeaheaheah
Good times, yeaheaheah

All you dancers, freak out!

Oh, everybody hear the sound of my voice
Get on down with the people's choice
You're looking good, ah
Mmm (Freak out!)

Go y'all, let me see your body
Get on down and work that body high
Yeaheaheah, oho

Well, everybody hear the sound of my voice
Just raise your head and if you want some more
Come on, come on
Give it all (Freak out!) you got

Let me say you're hot blood, oohoo
You do get on board

Can't you
Hear the
Music say it
Party, yeah, yeah

So come on
People
Forget your problems
And dance the night away

Everybody get on, get on board
It's time to ride the boogie express
Everybody get on, get on board
It's time to ride the boogie express

Everybody get on, get on board
It's time to ride the boogie express
Everybody get on, get on board
It's time to ride the boogie express
