

Work It

Rose Royce

Things don't come easy
From the outside lookin' in at the things you do
You got to work it
To turn the situation into what you want it to

Oh wait, the beauty's automatic
And even then, need a program or two
And there will surely be some static
If it's not me, you broke in two, woah oh

I found out (I found out, I found out)
It can really last
There's no doubt (there's no doubt, there's no doubt)
Just don't, don't take a pass

You got to work it
You got to bang it around
You got to jerk it
So you can settle it down
You got work it
You got to bang it around
You got to jerk it
So you can settle it down

Our love's got fire
No doubt about it even from the dawn
When it's low and higher
Got to stick with it till you open the house

Woah oh, things don't come easy
From the outside lookin' in at the things you do
You got to work it
To turn the situation into what you want it to

Don't give up (don't give up, don't give up)
Don't let it go
Don't you wanna go (gotta walk out, gotta walk out)
'Cause don't you know

You got to work it
You got to bang it around
You got to jerk it
So you can settle it down
You got work it
You got to bang it around
You got to jerk it
So you can settle it down

Work it
You got to bang it around
You got to jerk it
So you can settle it down
You got work it
You got to bang it around
You got to jerk it
So you can settle it down

I found out (I found out, I found out)
It can really last
And there's no doubt, no (there's no doubt, there's no doubt)
Just don't, don't take a pass

You got to work it
You got to make it around
You got to judge it
So you can settle it down
You got to work it
You got to bring it around
You got to check it
So you can settle it down

You got to work it
Check it
There's no doubt

Oh oh oh oh oh, oh
Work it out
In an out
Up and down
Round and round
Ah ah, ah ah ah ah ah
Work it
Let me see you do it
Come on
Oh oh oh oh oh, oh
Work it out
In an out
Up and down
Round and round
Ah ah
Ah ah ah ah ah
Work it
