

You're So Fine

Rose Royce

I've been waitin' to say to you
That you sure know how to do it to your hair
Just when you hold your hand
Knowin' that i should be your only thing
So push your hand in mine
I'll show you a good time
You got me on the run
Right as way that goes
And it's love that shows
Got me on the run
Baby, baby
You really blow my mind
Because you're so damn fine
So full of spunk, yeah
Move me with the real thing
You turn me up, yeah
Move me with the real thing
Love me, thrill me
Baby, baby, baby you're so fine
Chill me, thrill me
Baby, baby, baby you're so fine
Right as way that goes
And it's love that shows
You got me on the run
Place your hand in mine
I'll show you a good time
Got me on the run
Baby, baby
You really blow my mind
Because you're so damn fine
Place your hand in mine
I can show you a good time
Place your hand in mine
I guarantee a good time
Place your hand in mine
I can show you a good time
Place your hand in mine
I guarantee a good time
Baby, baby, baby you're so fine...
